

## **MAY 11 AND 12, 2019**

# **CYCLE MANAGEMENT TRAINING**

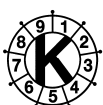

### **Every Man, Woman, and Child is Subject to the Law of Cycles**

Life unfolds in patterns—in cycles of opportunity, challenge, and fulfilment. Your date of birth reveals the cycle patterns for your life. Are you making the most of your opportunities? Time is a natural unfoldment of life, best expressed as the law of growth, based upon the principle of seeding and harvest in every phase of life. Awareness of these cyclical influences over your thoughts, actions, and emotions can be a huge help in conducting your daily decisions and guiding the activities of your family.

Knowing cycles removes the uncertainties of life. A plant grows, not by chance, but by a natural pattern. When you follow the natural cycle patterns in your life, the growth and success of your efforts is achieved with confidence and peace of mind.

The weekend seminar includes video presentations, personal instruction, and interaction with assistants in a work group setting. Delicious meals are provided.

Call Dhorea Delain or Judy Darnel at 866-489-1188 (toll-free in North America) or 604-263-9551 (local and international) to register.
